NEW YORK CITY
DATACENTER

Power

Featuring N+1 redundancy across all critical systems, including power feeds, cooling, and diesel generators, ensuring uninterrupted operations even during maintenance or unexpected failures.

Security

24/7 manned security, multi-factor authentication, and multiple perimeter levels to ensure strict access control, complemented by pre-action sprinkler systems for advanced fire suppression.

On-Net Carriers

Offering direct access to a diverse ecosystem of major on-net carriers including AT&T, Cogent, Lumen, NTT, Verizon, Zayo, and many more, providing flexible, low-latency connectivity options to meet any bandwidth.

Certifications

FISMA, SOC 1 and SOC 2 Type II, HIPAA, PCI-DSS, and ISO 27001:2022 certifications, ensuring your data meets the highest standards of security, and privacy compliance.

24/7/365 Support

Our friendly and knowledgeable support staff is available to help you any time you need us, 24/7/365.
